Ariful Islam

Associate Lead – Software Development | Azure Cloud & Kubernetes (AKS) | .NET · React

Dhaka, Bangladesh | +880 1675-908553 | arifulcuet52@gmail.com | LinkedIn | Personal Portfolio

Azure cloud engineer and Associate Lead with 9+ years building cloud-native systems in .NET, React and Angular. Designs, deploys and runs microservices on Azure, including private-network AKS clusters, Container Apps, Functions and Cosmos DB, with automated GitHub Actions CI/CD, Helm and Azure Monitor. Specialist in SCIM and Entra ID identity integration, leading teams that deliver secure, scalable platforms across finance, education and transportation.

EMPLOYMENT

Associate Lead – Software Development
Kloudynet Technologies, Kuala Lumpur **Aug 2025 to Current**

- Lead development and deployment of cloud-native microservices using .NET, React and SQL Server on Azure AKS with Docker and Helm; integrated SCIM for automated user provisioning.
- Built automated GitHub Actions CI/CD pipelines that build Docker images and deploy to Azure Container Apps and a private-network AKS cluster.
- Monitor and tune production performance with Azure Monitor and Application Insights.
- Mentor engineers, run code reviews enforcing clean architecture and SOLID, and drive technical decisions.

Senior Full Stack Engineer
Kloudynet Technologies, Kuala Lumpur **June 2022 to Aug 2025**

- Built scalable .NET microservices with event-driven messaging using MassTransit and RabbitMQ.
- Integrated Microsoft SCIM and Entra ID for automated identity management across enterprise systems.
- Designed Azure solutions (App Services, Functions, Cosmos DB, SQL Server, Logic Apps) for performance and cost efficiency, and built a Microsoft Teams app.

Senior Frontend Developer (Part-time)
FairPattern.com, Dhaka **Jan 2022 to June 2022**

- Built bus and launch ticket booking, mobile recharge, and loan management systems for major clients.

Full Stack Engineer (Part-time)
PEN Worldwide, Essen, Germany **May 2021 to Dec 2021**

- Built an online exam system with React, Next.js and .NET 6 on SQL Server, deployed via GitHub CI/CD to Ubuntu and Nginx.

Technical Consultant (Remote, Part-time)
Sheba.xyz, Bangladesh **April 2020 to July 2020**

- Improved Angular component efficiency and reduced website load times.

Software Developer (Remote)
STS Capital, Vilnius, Lithuania **Feb 2020 to June 2022**

- Built reusable ERP components and migrated legacy AngularJS code to modern Angular.

Software Engineer
Brain Station 23 Limited, Dhaka **Oct 2018 to Jan 2020**

- Built an Angular training module and an online document management system for an insurance company.

Software Engineer
Projukti Next Ltd, Dhaka **May 2017 to Sep 2018**

- Built inventory, admission, accounting and attendance modules with AngularJS and Cordova; integrated biometric devices.

SKILLS

Cloud (Azure): AKS (private clusters), Container Apps, App Services, Functions, Logic Apps, Cosmos DB, Entra ID, Azure Monitor, Application Insights
DevOps & Automation: Kubernetes, Docker, Helm, GitHub Actions, Azure DevOps, CI/CD automation, n8n workflow automation
Backend: .NET Core, NestJS, Microservices, Entity Framework, MassTransit, RabbitMQ, Redis, Hangfire
Frontend: React, Angular, TypeScript, NgRx, TailwindCSS, Material-UI
Identity & Data: SCIM, OAuth2, OpenID Connect · SQL Server, Cosmos DB, MongoDB, MySQL

EDUCATION

BSc in Computer Science & Engineering — Chittagong University of Engineering and Technology **2012 to 2017**

Certifications: Microsoft Entra ID for Developers · ASP.NET Core Advanced Security · Angular (Intermediate) · Docker Compose · GitHub
